SKILLS

- Cloud Security
- Penetration Testing
- Compliance
- Risk Management
- Incident Response
- Security Policy Development

EDUCATION

BACHELOR OF SCIENCE IN CLOUD COMPUTING, TECH UNIVERSITY, 2016

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Achieved Certified Cloud Security Professional (CCSP) certification in 2019.
- Improved cloud security compliance rates by 50% through effective policy implementation.
- Recognized as a key contributor to a successful cloud security initiative.

Dynamic Ethical Hacker with a knack for securing cloud environments and over 5 years of experience in cloud computing. My career began as a cloud engineer, where I honed my skills in infrastructure and services management. This background provided me with the insights needed to transition into ethical hacking, focusing on cloud security assessments and compliance.

EXPERIENCE

CLOUD SECURITY CONSULTANT

CloudGuard Technologies

2016 - Present

- Conducted security assessments on cloud infrastructures, identifying vulnerabilities and compliance gaps.
- Collaborated with DevOps teams to integrate security practices into CI/CD pipelines.
- Developed cloud security policies that improved compliance adherence by 40%.
- Performed penetration tests on cloud-based applications and services.
- Provided recommendations for securing cloud configurations and access controls.
- Trained teams on cloud security best practices and incident response strategies.

ETHICAL HACKER

SecureCloud Solutions

2014 - 2016

- Executed penetration tests on cloud services, identifying critical security vulnerabilities.
- Assisted in developing incident response plans for cloud security incidents.
- Reviewed cloud service provider security configurations to ensure compliance with best practices.
- Engaged in threat modeling for cloud applications to identify potential attack vectors.
- Contributed to research initiatives on cloud security trends and vulnerabilities.
- Presented findings to stakeholders, fostering a culture of security awareness.
