EXPERTISE SKILLS

- EV design
- regulatory compliance
- technical training
- project management
- client relations
- maintenance planning

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Electrical Engineering, State University, 2015

MICHAEL ANDERSON

EV CHARGING SYSTEMS ENGINEER

Accomplished EV Charging Technician with a strong foundation in electrical engineering and a focus on sustainable energy solutions. Expertise in the design, installation, and maintenance of electric vehicle charging systems, complemented by a thorough understanding of the regulatory landscape governing energy distribution. Proven track record in enhancing operational efficiencies through the application of best practices in project management and technical execution.

PROFESSIONAL EXPERIENCE

Renewable Solutions Group

Mar 2018 - Present

EV Charging Systems Engineer

- Designed and implemented innovative EV charging solutions tailored to client specifications.
- Conducted feasibility studies and site assessments for charging station installations.
- Collaborated with multidisciplinary teams to ensure project requirements were met.
- Developed maintenance schedules to optimize charging station performance.
- Trained clients on the operational aspects of newly installed charging systems.
- Utilized project management software to track project milestones and deliverables.

EcoCharge Solutions

Dec 2015 - Jan 2018

EV Charging Technician

- Installed and serviced EV charging stations for residential and commercial properties.
- Performed routine inspections to ensure compliance with safety standards.
- Provided technical support and troubleshooting services to end-users.
- Documented service calls and maintenance activities for reporting and analysis.
- Engaged in community outreach to promote the benefits of electric vehicle usage.
- Maintained accurate inventory of parts and equipment for service operations.

ACHIEVEMENTS

- Successfully led a project that resulted in a 30% increase in charging station efficiency.
- Awarded 'Top Performer' for achieving outstanding customer satisfaction ratings.
- Contributed to the development of a comprehensive training manual for technicians.
