

MICHAEL ANDERSON

LEAD EVALUATION SPECIALIST

PROFILE

With a decade of experience as an Evaluation Specialist in the education sector, I have honed my skills in assessing educational programs and policies. My expertise lies in developing evaluation frameworks that not only measure program success but also contribute to continuous improvement. I have worked closely with educational institutions to implement data-driven strategies that enhance learning outcomes for students.

EXPERIENCE

LEAD EVALUATION SPECIALIST

National Education Association

2016 - Present

- Designed and implemented evaluation plans for various educational programs nationwide.
- Analyzed data collected from student assessments to measure program impact on learning outcomes.
- Collaborated with educators to develop performance metrics and evaluation criteria.
- Facilitated workshops for educators on best practices in data-driven decision-making.
- Presented evaluation findings at national conferences, influencing policy discussions.
- Mentored junior evaluators in effective evaluation strategies and data analysis.

EVALUATION CONSULTANT

Educational Research Institute

2014 - 2016

- Conducted comprehensive evaluations of educational interventions funded by government grants.
- Developed qualitative research methodologies to assess program effectiveness.
- Collaborated with school districts to identify areas for improvement based on evaluation results.
- Created detailed reports and presentations for stakeholders, outlining key findings.
- Assisted in the development of training materials for educators based on evaluation insights.
- Managed multiple evaluation projects, ensuring timely completion and adherence to standards.
