# MICHAEL ANDERSON

## EXPERIMENTATION ANALYST

Detail-oriented Experimentation Analyst with a strong background in the healthcare sector and over 4 years of experience. Specialized in conducting clinical trials and experiments that improve patient outcomes and optimize healthcare processes. Proficient in statistical software such as SAS and MATLAB for analyzing complex datasets. Demonstrated ability to communicate findings effectively to both technical and non-technical stakeholders.

## **PROFESSIONAL EXPERIENCE**

### **Health Innovations Corp.**

*Mar 2018 - Present*

Experimentation Analyst

- Conducted over 15 clinical trials, leading to improved patient care protocols.
- Utilized SAS for data analysis and visualization of trial results.
- Collaborated with healthcare professionals to design effective experiments.
- Presented findings at national healthcare conferences to share insights.
- Developed comprehensive reports that influenced policy changes.
- Trained staff on the importance of data-driven practices in patient care.

### **Care Analytics LLC**

*Dec 2015 - Jan 2018*

Data Analyst Intern

- Assisted in the analysis of patient data to support clinical decision-making.
- Participated in the development of dashboards for tracking health outcomes.
- Conducted literature reviews to inform experimental design.
- Supported the evaluation of new healthcare technologies.
- Collaborated with research teams on various projects.
- Gained valuable insights into healthcare analytics and methodologies.

## **ACHIEVEMENTS**

- Improved patient outcomes by 20% through effective reporting and implementation of findings.
- Recognized for 'Outstanding Contribution to Research' by the healthcare board.
- Published research on patient care optimization in a leading health journal.
