# MICHAEL ANDERSON

## LEAD FABRIC FINISHING TECHNICIAN

Proficient Fabric Finishing Technician with a keen aptitude for optimizing textile finishing operations to achieve superior product quality. Expert in various finishing techniques such as flame, chemical, and mechanical finishes, with a strong emphasis on sustainability and eco-friendly practices. Highly skilled in machine maintenance and troubleshooting, ensuring operational efficiency and minimal downtime.

## PROFESSIONAL EXPERIENCE

### **Eco-Fabric Technologies**

*Mar 2018 - Present*

#### Lead Fabric Finishing Technician

- Directed all aspects of fabric finishing operations, focusing on sustainable practices.
- Implemented machine upgrades that enhanced finishing precision and efficiency.
- Conducted training workshops on eco-friendly finishing techniques for team members.
- Developed a comprehensive maintenance schedule for finishing equipment.
- Analyzed production data to identify and rectify quality issues.
- Collaborated with clients to customize finishing solutions based on specific requirements.

### **Textile Manufacturing Co.**

*Dec 2015 - Jan 2018*

#### Fabric Finishing Operator

- Operated various finishing machines, ensuring optimal settings for different fabric types.
- Maintained inventory of finishing chemicals and ensured compliance with safety regulations.
- Monitored production runs and documented any deviations from quality standards.
- Participated in cross-departmental initiatives to improve overall production workflows.
- Assisted in troubleshooting technical issues with finishing equipment.
- Maintained a clean and organized work environment to enhance safety.

## ACHIEVEMENTS

- Increased production quality ratings by 40% through innovative process improvements.
- Received commendation for exceptional leadership in sustainability initiatives.
- Spearheaded a project that reduced chemical waste by 15%.
