## SKILLS

- fabric enhancement
- machine supervision
- project management
- design collaboration
- safety training
- root cause analysis

## EDUCATION

**BACHELOR OF SCIENCE IN TEXTILE ENGINEERING, INSTITUTE OF TEXTILE MANAGEMENT**

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Increased production efficiency by 22% through process optimization.
- Awarded 'Best Team Leader' for exceptional performance in project delivery.
- Successfully implemented a new finishing process that reduced costs by 10%.

# Michael Anderson

## FABRIC FINISHING SUPERVISOR

Innovative Fabric Finishing Technician with a strong emphasis on fabric performance enhancement through cutting-edge finishing techniques. Expertise in various mechanical and chemical processes used in textile finishing, ensuring the delivery of high-quality products that meet client specifications. Proficient in the operation of advanced finishing equipment and quality control systems. A collaborative leader who thrives in dynamic environments, fostering teamwork to achieve production objectives.

## EXPERIENCE

### FABRIC FINISHING SUPERVISOR

NextGen Textiles

2016 - Present

- Supervised finishing operations, ensuring adherence to production schedules and quality standards.
- Developed and implemented innovative finishing techniques that increased product appeal.
- Monitored equipment performance to ensure optimal efficiency and reduce waste.
- Trained staff on best practices for machine operation and maintenance.
- Collaborated with design teams to create custom finishing solutions.
- Performed root cause analysis on production issues to implement corrective actions.

### FABRIC FINISHING TECHNICIAN

Textile Craft Industries

2014 - 2016

- Executed finishing processes for a variety of textile products, ensuring quality standards.
- Maintained accurate production records and reports for management review.
- Assisted in the development of new fabric finishes that improved market competitiveness.
- Participated in safety training sessions to enhance workplace safety.
- Coordinated with suppliers to ensure timely delivery of finishing materials.
- Supported the production team during peak periods to achieve output targets.
