

MICHAEL ANDERSON

FABRICATION SUPERVISOR

PROFILE

Highly skilled Fabrication Fitter specializing in the manufacturing and assembly of industrial components with a focus on precision and operational excellence. Extensive experience in metal fabrication, including welding, cutting, and finishing processes, underscoring a commitment to quality and efficiency. Demonstrated ability to read and interpret technical drawings and specifications, enabling accurate execution of fabrication tasks.

EXPERIENCE

FABRICATION SUPERVISOR

Advanced Fabrication Group

2016 - Present

- Oversaw a team of fabricators, ensuring adherence to project timelines and safety standards.
- Reviewed and approved fabrication plans and drawings for accuracy and feasibility.
- Implemented training programs for new hires to enhance skills and efficiency.
- Monitored production processes to identify areas for improvement and cost reduction.
- Maintained compliance with industry regulations and safety protocols.
- Developed strong relationships with suppliers to ensure timely material availability.

FABRICATION SPECIALIST

Steel Innovations LLC

2014 - 2016

- Executed fabrication tasks involving metal cutting, shaping, and assembling using various tools.
- Utilized precision measuring instruments to ensure accuracy in fabrication processes.
- Collaborated with engineers to refine product designs for manufacturability.
- Maintained detailed records of fabrication processes for quality assurance purposes.
- Assisted in troubleshooting production issues to minimize downtime.
- Participated in safety audits to promote a safe working environment.
