SKILLS

- Electrical Engineering
- Team Supervision
- Compliance Management
- Troubleshooting
- Safety Standards
- Project Collaboration

LANGUAGES

- English
- Spanish
- French

EDUCATION

**ASSOCIATE OF APPLIED SCIENCE IN
ELECTRICAL TECHNOLOGY,
COMMUNITY COLLEGE, 2015**

ACHIEVEMENTS

- Implemented an electrical safety program that reduced incidents by 50%.
- Recognized for excellence in project execution and timely delivery.
- Achieved a 20% increase in team efficiency through targeted training initiatives.

WORK EXPERIENCE

ELECTRICAL SUPERVISOR

ElectraCorp Solutions

2020 - 2025

- Supervised the electrical maintenance team to ensure optimal performance of systems.
- Conducted regular inspections of electrical installations to ensure compliance.
- Developed and implemented maintenance protocols that improved system reliability.
- Coordinated with project managers to align electrical work with project timelines.
- Trained staff on safety protocols and electrical best practices.
- Evaluated vendor performance and managed procurement processes for electrical supplies.

ELECTRICAL TECHNICIAN II

Tech Innovations Ltd.

2015 - 2020

- Performed troubleshooting and repair of electrical systems across multiple sites.
- Assisted in the implementation of energy-efficient solutions to reduce costs.
- Maintained accurate records of all maintenance activities and repairs.
- Participated in safety training and compliance initiatives.
- Collaborated with engineering teams to enhance electrical designs.
- Provided on-site support during electrical installations and upgrades.
