EDUCATION

Bachelor of Technology in Mechanical Engineering

Technical University
2016-2020

SKILLS

- Maintenance Management
- Safety Protocols
- Data Analytics
- Team Leadership
- Cost Reduction
- Process Optimization

LANGUAGES

- English
- Spanish
- French

WORK EXPERIENCE

Facilities Mechanical Supervisor 2020-2023

Reliable Facility Services

- Supervised day-to-day mechanical operations across various facilities.
- Implemented safety protocols that reduced incidents by 35%.
- Developed maintenance schedules that improved equipment reliability.
- Managed contractor relationships for specialized mechanical services.
- Conducted training sessions for staff on safety and maintenance best practices.
- Utilized data analytics to track performance metrics and drive improvements.

Mechanical Technician 2019-2020

Production Line Systems

- Conducted preventive maintenance on production machinery.
- Assisted in the installation of new mechanical systems.
- Documented maintenance activities and performance reports.
- Engaged in troubleshooting to minimize downtime.
- Received commendation for outstanding performance and reliability.
- Implemented cost-saving measures that reduced maintenance expenses by 20%.

ACHIEVEMENTS

- Achieved a 50% reduction in downtime through effective maintenance strategies.
- Recognized for exceptional leadership in safety management.
- Successfully led a project that enhanced system performance metrics.
