# MICHAEL ANDERSON

## HEALTHCARE SPACE PLANNER

Strategic Facilities Space Planner with a deep-rooted expertise in the healthcare sector, possessing over 12 years of experience in designing efficient and compliant healthcare environments. Demonstrated proficiency in analyzing complex space requirements and translating them into functional designs that enhance patient care and staff workflow. A strong advocate for evidence-based design principles, ensuring that all planning initiatives prioritize safety, accessibility, and efficiency.

## **PROFESSIONAL EXPERIENCE**

### **Wellness Design Group**

*Mar 2018 - Present*

#### Healthcare Space Planner

- Executed space planning for a new 300-bed hospital, optimizing patient flow and staff efficiency.
- Collaborated with medical professionals to understand workflow needs and incorporate them into designs.
- Managed compliance with healthcare regulations and safety standards throughout the planning process.
- Utilized simulation software to visualize patient and staff movement within the facility.
- Oversaw the integration of advanced technology solutions into facility designs.
- Conducted post-occupancy evaluations to assess the effectiveness of design solutions.

### **Care Innovations LLC**

*Dec 2015 - Jan 2018*

#### Facilities Planner

- Developed space design solutions for outpatient facilities, improving patient experience by 25%.
- Coordinated with architects and engineers to ensure design integrity and functionality.
- Facilitated stakeholder meetings to align project goals with organizational objectives.
- Implemented a space management system that reduced operational costs by 15%.
- Conducted market research to inform design choices and trends in healthcare.
- Trained staff on new space management protocols and technologies.

## **ACHIEVEMENTS**

- Designed a healthcare facility that received LEED certification for sustainability.
- Received accolades for innovative designs that improved patient outcomes.
- Successfully led a project that reduced patient wait times by 20% through strategic layout changes.
