SKILLS

- PLC programming
- Robotics
- Problem-solving
- Team collaboration
- Technical support
- Documentation

EDUCATION

**BACHELOR OF TECHNOLOGY IN
AUTOMATION, ENGINEERING INSTITUTE,
2018**

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Contributed to a project that enhanced production line efficiency.
- Recognized for quick adaptation to new technologies.
- Received positive feedback for training contributions.

Michael Anderson

JUNIOR AUTOMATION ENGINEER

Results-driven factory automation engineer with a strong emphasis on practical application and operational efficiency. Over 4 years of experience in the automation field, with a focus on enhancing manufacturing processes through innovative solutions. Demonstrates proficiency in programming and configuring PLCs, as well as implementing robotic systems to improve productivity. A proactive approach to problem-solving and a commitment to continuous improvement are hallmarks of this engineer's career.

EXPERIENCE

JUNIOR AUTOMATION ENGINEER

NextGen Automation

2016 - Present

- Assisted in programming PLCs for automated machinery.
- Supported the installation of new robotic systems.
- Conducted testing and validation of automation solutions.
- Monitored system performance and reported issues.
- Maintained documentation for automation processes.
- Provided technical support to operators.

AUTOMATION TECHNICIAN

Factory Innovations Ltd.

2014 - 2016

- Conducted routine maintenance on automated systems.
- Assisted engineers in troubleshooting automation issues.
- Participated in training sessions on new equipment.
- Documented operational procedures and system configurations.
- Supported project teams during system installations.
- Monitored production lines for efficiency improvements.
