### ACHIEVEMENTS

- Recipient of the 'Geriatric Care Excellence Award' for outstanding service to elderly patients.
- Successfully launched a home health initiative that improved access for seniors by 35%.
- Published articles on geriatric healthcare challenges in reputable medical journals.

### PROFILE

Compassionate and results-driven Family Physician with 15 years of experience specializing in geriatric care. My expertise lies in managing multi-morbidity cases in older adults, focusing on holistic approaches that encompass physical, emotional, and social aspects of health. I have successfully implemented patient-centered care models that prioritize the unique needs of seniors, ensuring they receive comprehensive treatment tailored to their circumstances.

### EXPERIENCE

#### SENIOR FAMILY PHYSICIAN

##### Golden Years Health Services

2016 - Present

- Managed a patient panel of over 600 geriatric patients, focusing on individualized health care plans.
- Increased patient adherence to treatment plans by 25% through effective communication and education.
