MICHAEL ANDERSON

POULTRY PRODUCTION MANAGER

Results-oriented Farm Animal Care Specialist with extensive expertise in poultry management and biosecurity protocols. Over 15 years of experience in optimizing production processes, enhancing animal health, and ensuring compliance with agricultural regulations. Proficient in data analysis and performance metrics, leading to improved operational efficiencies and cost reductions. A proactive leader with a strong focus on team development and training, fostering an environment of safety and productivity.

PROFESSIONAL EXPERIENCE

Farm Fresh Poultry

Mar 2018 - Present

Poultry Production Manager

- Managed a poultry production facility with over 10,000 birds, ensuring optimal health and productivity.
- Implemented biosecurity measures that reduced disease incidence by 50%.
- Developed and monitored feeding programs that increased weight gain by 25%.
- Trained staff on animal welfare standards and operational procedures.
- Conducted regular audits to ensure compliance with industry regulations.
- Analyzed production data to identify areas for improvement and cost savings.

Sunny Side Farms

Dec 2015 - Jan 2018

Assistant Farm Manager

- Assisted in the management of daily farm operations, focusing on poultry care.
- Monitored bird health and provided necessary treatments under veterinary guidance.
- Maintained accurate records of production metrics and health status.
- Supported the implementation of new feeding technologies, improving efficiency.
- Collaborated with the management team to develop training programs for staff.
- Participated in community outreach to educate on sustainable poultry practices.

ACHIEVEMENTS

- Implemented a vaccination program that improved flock health by 40%.
- Reduced production costs by 20% through efficient resource management.
- Recognized for excellence in animal welfare during the annual farm audit.
