

MICHAEL ANDERSON

Dairy Herd Manager

Proficient Farm Animal Care Specialist with a decade of experience in dairy management and animal nutrition. Background in implementing feeding strategies that optimize milk production while ensuring animal health. Strong analytical skills enable effective monitoring of herd performance and health metrics. Committed to fostering an environment of continuous improvement through training and development.

WORK EXPERIENCE

Dairy Herd Manager

2020-2023

Sunnydale Dairy

- Managed daily operations for a dairy herd of 300 cows, ensuring optimal health and productivity.
- Implemented nutrition programs that increased milk production by 15%.
- Conducted health assessments, leading to improved herd health metrics.
- Trained staff in best practices for animal care and milking procedures.
- Maintained compliance with dairy industry regulations and quality standards.
- Monitored and analyzed herd performance data for continuous improvement.

Assistant Herd Manager

2019-2020

Green Meadows Farm

- Assisted in managing daily dairy operations and animal care.
- Monitored cow health and provided necessary treatments with veterinary oversight.
- Maintained accurate production records and health logs.
- Participated in the development of feeding programs for optimal milk yield.
- Supported staff training in animal handling and care techniques.
- Engaged in community education programs on dairy farming practices.

ACHIEVEMENTS

- Increased milk production by 20% through improved feeding practices.
- Recognized for excellence in herd management during annual audits.
- Successfully implemented a new milking technology that enhanced efficiency.
