WORK EXPERIENCE

Farm Mechanization Trainer

2020-2023

Harvest Innovations

- Developed and delivered training programs on farm mechanization techniques.
- Conducted assessments to tailor mechanization solutions to individual farm needs.
- Organized workshops to demonstrate the effective use of agricultural machinery.
- Provided ongoing support and consultation to farmers post-training.
- Collaborated with agricultural extension services to enhance program outreach.
- Evaluated training effectiveness and made necessary adjustments for improvement.

Assistant Mechanization Specialist

2019-2020

Green Field Agri Solutions

- Assisted in the evaluation of farm mechanization needs across various regions.
- Supported farmers in selecting appropriate machinery for their operations.
- Conducted field demonstrations to showcase mechanization benefits.
- Created informative materials for farmer education on machinery use.
- Monitored the implementation of mechanization projects for effectiveness.
- Engaged with local communities to raise awareness about sustainable practices.

ACHIEVEMENTS

- Facilitated a 30% increase in mechanization adoption among local farmers.
- Recognized for excellence in community outreach and education efforts.
- Developed a mechanization guidebook that has been widely distributed among farmers.
