- French

## WORK EXPERIENCE

### Research and Extension Officer 2020-2023

Agricultural Research Institute

- Conducted field trials to assess the impact of new crop varieties on yield.
- Analyzed data from research projects to develop best practice guidelines.
- Collaborated with agronomists to enhance crop management strategies.
- Facilitated training programs based on research findings.
- Monitored and evaluated research projects for compliance and effectiveness.
- Presented findings at national agricultural conferences to share insights.

### Field Extension Officer 2019-2020

Local Agricultural Development Council

- Provided technical support and training to local farmers on sustainable practices.
- Conducted needs assessments to tailor extension services effectively.
- Engaged in community outreach to raise awareness of agricultural innovations.
- Facilitated workshops that improved farmer understanding of research findings.
- Collaborated with local governments to implement agricultural projects.
- Evaluated program success through data collection and analysis.

## ACHIEVEMENTS

- Improved crop yields by 25% through implementation of research-based practices.
- Published multiple articles in agricultural journals on best practices.
- Received 'Excellence in Research Award' for outstanding contributions to agricultural science.
