# MICHAEL ANDERSON

## PLUMBING AND FIRE SYSTEMS DIRECTOR

Accomplished Fire Fighting Plumbing Technician with a diverse skill set honed over 15 years in the plumbing and fire safety sector. Demonstrates an exceptional ability to manage complex installations and repairs, ensuring adherence to industry standards and regulations. Expert in the application of modern plumbing technologies and fire prevention techniques, effectively enhancing system performance and reliability.

## **PROFESSIONAL EXPERIENCE**

### **PlumbSafe Engineering**

*Mar 2018 - Present*

Plumbing and Fire Systems Director

- Oversaw the installation of fire protection systems in high-rise commercial buildings.
- Conducted extensive training sessions for staff on new plumbing technologies.
- Ensured compliance with all federal and state safety regulations.
- Directed project planning and execution, achieving on-time delivery.
- Utilized advanced project management software to track progress.
- Engaged with clients to tailor solutions to specific fire safety needs.

### **FireLogic Solutions**

*Dec 2015 - Jan 2018*

Senior Fire Safety Engineer

- Developed fire safety protocols for various commercial sectors.
- Inspected and repaired malfunctioning fire systems to ensure optimal functionality.
- Collaborated with engineers to design integrated fire protection solutions.
- Managed service contracts and maintenance schedules for client systems.
- Initiated safety drills and training for personnel across multiple sites.
- Maintained up-to-date knowledge of industry trends and technologies.

## **ACHIEVEMENTS**

- Achieved a 40% reduction in system failures through rigorous maintenance practices.
- Led a successful initiative that increased fire safety awareness among staff by 60%.
- Recipient of the 'Outstanding Contribution Award' in 2022 for exceptional leadership.
