- San Francisco, CA

#### SKILLS

- Technology integration
- IoT applications
- Data analysis
- Smart farming
- Team training
- Research and development

#### LANGUAGES

- English
- Spanish
- French

#### EDUCATION

**BACHELOR OF SCIENCE IN AGRICULTURAL ENGINEERING, TECH UNIVERSITY, 2015**

#### ACHIEVEMENTS

- Increased farm productivity by 25% through technology enhancements.
- Secured a grant for developing innovative aquaculture solutions.
- Presented at international conferences on technology in aquaculture.

#### WORK EXPERIENCE

##### AQUACULTURE TECHNOLOGY SPECIALIST

SmartFish Technologies

2020 - 2025

- Developed and implemented IoT solutions for monitoring fish health.
- Trained farm staff on the use of technology for operational efficiency.
- Analyzed data to optimize feeding schedules and growth rates.
- Collaborated with R&D teams on new technological innovations.
- Conducted workshops on smart farming practices.
- Enhanced biosecurity protocols through technology integration.

##### AQUACULTURE RESEARCH INTERN

Tech Aqua Solutions

2015 - 2020

- Assisted in research on AI applications in fish farming.
- Supported data collection and analysis for various projects.
- Maintained laboratory equipment and software systems.
- Collaborated with senior researchers on innovative aquaculture technologies.
- Participated in field studies to assess technology impact.
- Presented findings to stakeholders and industry professionals.
