- San Francisco, CA

### SKILLS

- Technology Integration
- Data Analysis
- Crew Training
- Sustainability Practices
- Operational Efficiency
- Compliance Monitoring

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**BACHELOR OF SCIENCE IN MARINE TECHNOLOGY, OCEAN UNIVERSITY, 2016**

### ACHIEVEMENTS

- Successfully implemented new technologies, increasing efficiency by 30%.
- Received award for innovation in fishing practices from the Maritime Technology Association.
- Achieved a 15% reduction in operational costs through technology integration.

### WORK EXPERIENCE

#### TECHNOLOGY INTEGRATION SPECIALIST

TechFish Solutions

2020 - 2025

- Led the integration of advanced fishing technologies into vessel operations.
- Analyzed performance data to identify opportunities for operational improvements.
- Conducted training sessions for crew on new technologies and best practices.
- Collaborated with engineers to enhance vessel design for efficiency.
- Monitored compliance with environmental regulations during technology implementation.
- Developed metrics to assess the impact of technology on fishing operations.

#### FISHING OPERATIONS TECHNICIAN

Sustainable Fisheries Corp.

2015 - 2020

- Assisted in the implementation of technology-driven fishing practices.
- Maintained records of equipment performance and operational data.
- Participated in crew training on the use of new fishing technologies.
- Monitored fishing operations for compliance with sustainability standards.
- Engaged in data analysis to improve fishing techniques and outcomes.
- Supported the development of reports on fishing performance metrics.
