MICHAEL ANDERSON

GREENHOUSE MANAGER

A dedicated Floriculture Specialist with 8 years of experience in plant cultivation and nursery management. Focused on the production of high-quality flowering plants and ornamental varieties, utilizing advanced horticultural techniques to enhance growth and sustainability. Proven ability to manage greenhouse environments, ensuring optimal conditions for diverse plant species. Expertise in pest and disease management, employing integrated strategies to minimize crop loss.

PROFESSIONAL EXPERIENCE

FloraTech Nurseries

Mar 2018 - Present

Greenhouse Manager

- Managed daily operations of a 10-acre greenhouse facility.
- Implemented crop rotation and soil amendment practices to enhance yield.
- Developed pest management protocols that reduced chemical applications.
- Trained staff in greenhouse best practices and safety procedures.
- Monitored environmental conditions to optimize plant growth.
- Coordinated with suppliers for timely delivery of plant materials.

Bloom & Grow

Dec 2015 - Jan 2018

Assistant Grower

- Assisted in the propagation of over 100 varieties of flowering plants.
- Conducted regular plant inspections to identify health issues.
- Participated in the development of organic production techniques.
- Maintained records of plant growth and production metrics.
- Collaborated with team members to improve operational efficiency.
- Engaged in community outreach programs to promote local gardening.

ACHIEVEMENTS

- Increased production efficiency by 20% through process improvements.
- Awarded the Green Thumb Award for excellence in nursery management.
- Successfully launched a community gardening initiative.
