WORK EXPERIENCE

Structural Flux Cored Arc Welder

2020-2023

BuildRight Construction

- Executed welding on structural steel components for commercial buildings.
- Collaborated with architects and engineers to ensure design specifications were met.
- Maintained compliance with local and federal safety regulations.
- Participated in site inspections and quality assurance evaluations.
- Assisted in the development of new welding techniques to improve efficiency.
- Trained junior welders on safety practices and welding techniques.

Flux Cored Arc Welder

2019-2020

Heavy Equipment Welding Services

- Performed welding repairs on heavy machinery and equipment.
- Ensured welding operations complied with safety protocols and standards.
- Conducted thorough inspections of welding work for quality assurance.
- Maintained accurate records of welding tasks and equipment maintenance.
- Engaged in team discussions regarding project timelines and resource allocation.
- Participated in safety training sessions to enhance team awareness.

ACHIEVEMENTS

- Completed over 200 structural projects with a 100% safety record.
- Implemented a new quality control system that reduced defects by 35%.
- Recognized for excellence in teamwork and collaboration on multiple projects.
