EDUCATION

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY, TECH UNIVERSITY

ACHIEVEMENTS

- Recognized for outstanding performance in forensic investigations by the Cybersecurity Association.
- Successfully recovered critical data from compromised systems, aiding in legal cases.
- Designed and implemented a comprehensive training program that received positive feedback from participants.

PROFILE

With a decade of experience as a Forensic Cyber Analyst, I specialize in the intersection of technology and law enforcement. My journey began in a small tech startup, where I developed a passion for cybersecurity while working as an IT technician. Over the years, I transitioned to a forensic analysis role, where I focused on investigating cybercrimes for various corporate clients.

EXPERIENCE

FORENSIC CYBER ANALYST

Tech Innovations LLC

2016 - Present

- Performed forensic analysis on compromised systems, recovering critical evidence for investigations.
- Utilized X1 Social Discovery to analyze social media accounts during investigations.
- Worked with cross-functional teams to improve incident response times by 40%.
- Conducted cybersecurity training sessions, increasing employee awareness by 50%.
- Developed detailed analytical reports that informed executive decisions on cybersecurity investments.
- Assisted law enforcement in the prosecution of cybercriminals by providing expert analysis.

CYBERSECURITY CONSULTANT

SecureTech Solutions
