

# MICHAEL ANDERSON

## Forensic Cyber Analyst

As a Forensic Cyber Analyst with 9 years of experience in the manufacturing industry, I focus on safeguarding intellectual property and sensitive data from cyber threats. My career began as a quality assurance analyst, where I learned the importance of data integrity. Transitioning to cybersecurity, I applied my analytical skills to investigate incidents of corporate espionage and data breaches.

### WORK EXPERIENCE

#### Forensic Cyber Analyst

2020-2023

Manufacturing Security Systems

- Conducted investigations into data breaches that compromised proprietary information.
- Utilized X1 and EnCase for in-depth analysis of digital evidence.
- Collaborated with legal teams to ensure compliance with industry regulations.
- Developed and implemented a cybersecurity awareness program for employees.
- Provided expert testimony in legal cases regarding cybersecurity incidents.
- Created detailed reports outlining findings and recommended actions for improvement.

#### Quality Assurance Analyst

2019-2020

Industrial Innovations Inc.

- Analyzed product data to ensure compliance with quality standards.
- Implemented data protection measures to safeguard sensitive information.
- Collaborated with cross-functional teams to enhance data security protocols.
- Conducted training sessions on data integrity and security practices.
- Performed risk assessments to identify vulnerabilities in systems.
- Provided recommendations for improving data management processes.

### ACHIEVEMENTS

- Developed a comprehensive cybersecurity strategy that reduced data breaches by 50%.
- Awarded the Security Excellence Award for outstanding performance in cybersecurity initiatives.
- Successfully led a project that improved incident response times by 35%.
