

MICHAEL ANDERSON

Forensic Cyber Analyst

- San Francisco, CA
- (555) 234-5678
- michael.anderson@email.com

I am a Forensic Cyber Analyst with a strong focus on educational institutions, bringing over 4 years of experience dedicated to protecting student and faculty data. My career began in a tech support role at a university, where I became acutely aware of the cybersecurity challenges faced by academic institutions.

WORK EXPERIENCE

Forensic Cyber Analyst | University Cyber Defense

Jan 2022 – Present

- Investigated data breaches affecting student and faculty data, leading to enhanced security protocols.
- Utilized FTK Imager to analyze compromised systems and recover critical evidence.
- Collaborated with IT teams to improve incident response strategies.
- Developed and conducted training sessions on cybersecurity awareness for students and staff.
- Created detailed reports outlining findings and recommendations for security improvements.
- Participated in cross-departmental committees to develop comprehensive cybersecurity policies.

IT Support Technician | Local University

Jul 2019 – Dec 2021

- Provided technical support to faculty and students, resolving over 200 security-related issues.
- Assisted in implementing network security measures to protect sensitive data.
- Conducted training on safe data handling and security practices.
- Performed regular system audits to identify vulnerabilities.
- Collaborated with IT teams to enhance overall cybersecurity measures.
- Documented and reported security incidents for further analysis.
