MICHAEL ANDERSON

FOREST CARBON PROJECT MANAGER

Accomplished Forest Carbon Analyst with a comprehensive understanding of environmental finance and sustainable forestry management. Expertise encompasses the development of carbon credit projects, ensuring compliance with regulatory frameworks and fostering stakeholder collaboration. Proven history of leveraging quantitative analysis to evaluate carbon offset potential and inform investment decisions. Demonstrated capability to lead cross-functional teams in delivering projects that yield significant environmental and economic benefits.

PROFESSIONAL EXPERIENCE

Carbon Solutions Group

Mar 2018 - Present

Forest Carbon Project Manager

- Managed multiple forest carbon projects, overseeing all phases from inception to completion.
- Developed financial models to assess project viability and return on investment.
- Engaged with investors to secure funding for carbon initiatives.
- Conducted risk assessments to identify potential project challenges.
- Collaborated with forestry experts to ensure best practices in carbon accounting.
- Presented project outcomes to executive stakeholders and investors.

EnviroTech Innovations

Dec 2015 - Jan 2018

Sustainability Analyst

- Performed carbon footprint assessments for various corporate clients.
- Developed sustainability reports that highlighted carbon reduction achievements.
- Facilitated stakeholder workshops to promote carbon management strategies.
- Researched innovative technologies for carbon capture and storage.
- Collaborated with marketing teams to promote sustainability initiatives.
- Monitored industry trends to inform corporate strategies.

ACHIEVEMENTS

- Successfully led a project that generated over 100,000 carbon credits.
- Received an award for excellence in sustainability reporting.
- Authored a best-selling guide on forest carbon investment strategies.
