SKILLS

- data analysis
- GIS coordination
- environmental assessments
- project evaluation
- conservation strategies
- stakeholder engagement

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN FORESTRY, OREGON STATE UNIVERSITY

ACHIEVEMENTS

- Increased GIS project efficiency by 25% through process improvements.
- Received the 'Environmental Excellence Award' for impactful project outcomes.
- Contributed to a successful forest management plan adopted by state authorities.

WORK EXPERIENCE

GIS COORDINATOR
Forest Stewardship Council
2020 - 2025

- Coordinated GIS projects to promote sustainable forest management practices.
- Conducted spatial analysis to support certification processes.
- Collaborated with international partners on conservation initiatives.
- Facilitated GIS training for forestry professionals.
- Monitored and evaluated project outcomes to ensure compliance.
- Produced technical reports detailing project methodologies and results.

ENVIRONMENTAL ANALYST
State Department of Natural Resources
2015 - 2020

- Conducted environmental assessments utilizing GIS technology.
- Analyzed land use patterns to inform policy decisions.
- Supported the development of conservation strategies through spatial modeling.
- Collaborated with government agencies to align project objectives.
- Maintained accurate data records and GIS layers.
- Presented findings to stakeholders to facilitate informed decision-making.
