# MICHAEL ANDERSON

## URBAN FORESTRY COORDINATOR

Innovative Forest Health Specialist with a strong emphasis on urban forestry and community engagement. Expertise in assessing urban forest ecosystems and implementing strategies that enhance their health and sustainability.

Possesses extensive experience in collaborating with municipal governments and non-profit organizations to develop urban greening initiatives. Committed to fostering public awareness of the ecological benefits of urban forests through educational programs and community participation.

## **PROFESSIONAL EXPERIENCE**

### **City of Maplewood**

*Mar 2018 - Present*

#### Urban Forestry Coordinator

- Developed and managed urban forestry programs to improve tree canopy cover.
- Conducted assessments of urban tree health and recommended maintenance practices.
- Coordinated community tree planting and stewardship events.
- Collaborated with city planners on integrating green spaces into urban development.
- Led workshops to educate residents on tree care and urban ecology.
- Utilized GIS tools to map and analyze urban forest inventory.

### **Green Spaces Non-Profit**

*Dec 2015 - Jan 2018*

#### Community Engagement Specialist

- Facilitated community workshops focused on urban forest health and sustainability.
- Engaged with local schools to promote environmental education programs.
- Coordinated volunteer efforts for urban greening projects.
- Conducted surveys to assess community attitudes towards urban forestry.
- Developed outreach materials to enhance public understanding of forest ecosystems.
- Managed social media campaigns to promote urban forestry initiatives.

## **ACHIEVEMENTS**

- Increased urban canopy coverage by 25% over three years through community initiatives.
- Received the Urban Environmental Leadership Award for outstanding service.
- Successfully engaged over 1,000 volunteers in tree planting events.
