## SKILLS

- climate adaptation
- project design
- community empowerment
- remote sensing
- policy development
- research collaboration

## EDUCATION

**MASTER OF ENVIRONMENTAL  
MANAGEMENT, DUKE UNIVERSITY, 2012**

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Successfully implemented a climate resilience project benefiting over 1,500 households.
- Received the Climate Action Award in 2023 for outstanding contributions to sustainable practices.
- Published a report on the socio-economic benefits of forest conservation.

# Michael Anderson

## CLIMATE CHANGE AND FOREST LIVELIHOOD SPECIALIST

Accomplished professional specializing in forest livelihoods, with a strong focus on climate change adaptation and mitigation strategies. Over 10 years of experience working with diverse communities to enhance their resilience to environmental changes through sustainable forest management practices. Proven ability to design and implement projects that address both environmental and socio-economic challenges faced by local populations.

## EXPERIENCE

### CLIMATE CHANGE AND FOREST LIVELIHOOD SPECIALIST

International Forest Organization

2016 - Present

- Developed climate adaptation strategies tailored to local forest-dependent communities.
- Conducted vulnerability assessments to identify risks associated with climate change.
- Facilitated training workshops on sustainable practices to enhance community resilience.
- Collaborated with local leaders to promote policies that support sustainable forest management.
- Utilized remote sensing technology to monitor forest cover changes.
- Reported on project impacts to international stakeholders, ensuring transparency.

### PROGRAM COORDINATOR

Earthwatch Institute

2014 - 2016

- Managed programs focused on integrating community livelihoods with forest conservation.
- Organized field-based research expeditions to assess forest health.
- Engaged with communities to identify sustainable economic opportunities.
- Prepared grant applications that secured funding for ongoing projects.
- Monitored project progress and adjusted strategies as needed.
- Developed partnerships with academic institutions to promote research collaboration.
