WORK EXPERIENCE

Urban Forestry Coordinator

2020-2023

City Parks Department

- Developed urban forestry management plans that improved tree canopy cover by 15%.
- Conducted tree assessments and health evaluations across city parks and streets.
- Organized community tree planting events that engaged over 300 volunteers.
- Collaborated with city planners to integrate green spaces into urban development projects.
- Managed a budget of \$500,000 for urban forestry initiatives.
- Advocated for policies that support sustainable urban forestry practices.

Environmental Planner

2019-2020

Sustainable Development Agency

- Conducted environmental impact assessments for urban development projects.
- Collaborated with architects to design green infrastructure solutions.
- Engaged with community groups to promote urban sustainability initiatives.
- Developed outreach materials to educate the public on the benefits of urban greening.
- Monitored compliance with environmental regulations during project implementation.
- Evaluated project outcomes to inform future urban planning efforts.

ACHIEVEMENTS

- Increased urban tree canopy cover by 20% through targeted community initiatives.
- Received the Urban Greening Award for innovative community engagement practices.
- Published articles on urban forestry in local and national publications.
