EDUCATION

BACHELOR OF SCIENCE IN ENVIRONMENTAL SCIENCE, OREGON STATE UNIVERSITY, 2015

ACHIEVEMENTS

- Achieved a 30% increase in student participation in forestry programs over two years.
- Recognized by the local government for outstanding contributions to environmental education.
- Published multiple articles in educational journals on forestry and sustainability.

PROFILE

Respected Forestry Educator with extensive experience in environmental science and educational outreach. Specializes in developing interactive curricula that engage diverse audiences and foster a deeper understanding of forest ecosystems. Recognized for the ability to effectively communicate complex ecological concepts through innovative teaching strategies and experiential learning. Committed to lifelong learning and staying abreast of the latest advancements in forestry education and environmental policy.

EXPERIENCE

SENIOR FORESTRY EDUCATOR

Forest Education Network

2016 - Present

- Designed and led educational programs for K-12 students focusing on forest ecology.
- Implemented technology-enhanced learning experiences, including virtual field trips.
- Partnered with local schools to develop tailored forestry education programs.
- Facilitated workshops for educators on integrating forestry topics into science curricula.
- Conducted research on student engagement and learning outcomes in environmental education.
- Organized community events to promote awareness of local forest resources.

ENVIRONMENTAL EDUCATION COORDINATOR

Green Earth Initiative

2014 - 2016

- Developed educational resources focusing on sustainability and conservation.
- Coordinated outreach programs to increase community involvement in conservation efforts.
- Trained volunteers to facilitate educational programs in local parks.
- Created partnerships with local businesses to support educational initiatives.
- Evaluated program effectiveness through participant surveys and feedback.
- Presented findings at national conferences to share best practices in environmental education.
