

MICHAEL ANDERSON

SENIOR FORMWORK CARPENTER

PROFILE

Highly experienced Formwork Carpenter with a strong foundation in both residential and commercial construction projects, excelling in the execution of intricate formwork designs. With over 12 years in the industry, possesses a comprehensive understanding of building codes and regulations, ensuring all projects are completed to the highest standards. Proven ability to manage multiple projects simultaneously while maintaining close attention to detail and quality.

EXPERIENCE

SENIOR FORMWORK CARPENTER

LMN Construction Group

2016 - Present

- Oversaw the formwork installation for large-scale commercial projects, ensuring structural integrity.
- Developed and implemented innovative formwork solutions, resulting in a 30% reduction in labor costs.
- Trained and supervised apprentices in advanced formwork techniques and safety protocols.
- Coordinated with project managers to ensure timely completion of formwork installations.
- Conducted site inspections and quality assurance checks on completed formwork.
- Maintained accurate records of materials used and work completed for project reporting.

FORMWORK CARPENTER

OPQ Builders

2014 - 2016

- Constructed formwork for residential homes, ensuring compliance with local building codes.
- Assisted in the planning and layout of formwork systems for complex designs.
- Utilized power tools and hand tools efficiently to complete tasks ahead of schedule.
- Collaborated with electricians and plumbers to integrate formwork with other trades.
- Participated in safety training sessions to promote a culture of safety among team members.
- Provided input on material selection to enhance durability and cost-effectiveness.
