EDUCATION

BACHELOR OF FINE ARTS IN GRAPHIC DESIGN, ART INSTITUTE, 2018

ACHIEVEMENTS

- Recognized for outstanding design contributions to a project that won a national award.
- Increased social media engagement by 40% through innovative web features.
- Successfully completed a high-profile project ahead of schedule, receiving commendation from clients.

Creative Frontend Developer with 4 years of experience in the media and entertainment industry. Skilled in crafting visually stunning and interactive websites that captivate users. My background in graphic design complements my technical skills, allowing me to create aesthetically pleasing interfaces while ensuring functionality. I am proficient in HTML, CSS, JavaScript, and various libraries, which I leverage to produce dynamic web applications.

WORK EXPERIENCE

FRONTEND DEVELOPER
MediaWave Studios
2020 - 2025

- Designed and developed interactive web features for entertainment platforms, increasing user engagement by 25%.
- Collaborated with creative teams to align designs with brand strategies and user experience goals.
- Utilized JavaScript libraries to create dynamic content and multimedia elements, enhancing site interactivity.
- Conducted user research to inform design decisions, resulting in improved usability.
- Maintained and optimized existing codebases for performance and scalability.
- Participated in brainstorming sessions to generate innovative ideas for new projects.

WEB DEVELOPER INTERN
Creative Media Agency
2015 - 2020

- Assisted in the development of client websites, focusing on responsive design and user experience.
- Worked alongside graphic designers to implement visual elements into web pages.
- Tested and debugged websites, ensuring high-quality deliverables.
- Engaged in code reviews to maintain coding standards and practices.
- Documented project processes and maintained version control using Git.
- Participated in team meetings to discuss project progress and gather feedback.
