

# MICHAEL ANDERSON

Frontend Developer

- San Francisco, CA
- (555) 234-5678
- michael.anderson@email.com

Proactive Frontend Developer with a unique blend of technical expertise and artistic vision, specializing in interactive media applications. With 5 years of experience, I excel in creating immersive web experiences using modern technologies such as React, HTML5, and CSS3. My background in fine arts complements my coding skills, allowing me to approach projects with a creative perspective.

## WORK EXPERIENCE

### Frontend Developer | Interactive Media Group

Jan 2022 – Present

- Designed and developed interactive media applications that increased audience retention by 30%.
- Collaborated with artists and developers to create visually stunning web experiences.
- Utilized React to build engaging components that enhanced user interaction.
- Conducted usability research to guide design decisions and improve user experience.
- Maintained an organized codebase and documentation for future reference.
- Participated in brainstorming sessions to generate innovative concepts for new projects.

### Web Designer | Creative Solutions Agency

Jul 2019 – Dec 2021

- Developed visually appealing websites for various clients, improving client satisfaction ratings.
- Worked closely with clients to understand their vision and translate it into functional designs.
- Utilized HTML5 and CSS3 to create responsive and accessible web pages.
- Conducted testing and debugging to ensure high quality and performance.
- Maintained project timelines and communicated progress to stakeholders.
- Documented processes to streamline future projects and enhance team efficiency.

## SKILLS

React HTML5 CSS3 JavaScript Interactive Design Usability Testing Git
