SKILLS

- JavaScript
- React
- Node.js
- Express
- HTML
- CSS
- Cloud Services
- Git
- API Development

EDUCATION

BACHELOR OF TECHNOLOGY IN COMPUTER SCIENCE, TECH INSTITUTE, 2017

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Recognized as the top performer in the development team for excellence in project delivery.
- Successfully launched a project ahead of schedule, receiving commendation from management.
- Contributed to a community coding event, enhancing my networking within the tech community.

Michael Anderson

FULL STACK DEVELOPER

Dedicated Full Stack Developer with over 4 years of experience in delivering high-quality web applications. My expertise lies in both frontend and backend development, utilizing technologies such as JavaScript, React, and Node.js. I have a strong focus on user experience and performance optimization, consistently striving to create applications that are both functional and aesthetically pleasing.

EXPERIENCE

FULL STACK DEVELOPER

NextGen Web Services

2016 - Present

- Designed and implemented a responsive web application using React, improving mobile user engagement by 45%.
- Developed backend services using Node.js and Express, ensuring seamless integration with frontend components.
- Collaborated with designers to enhance user experience through iterative testing and feedback.
- Participated in code reviews, fostering a culture of quality and continuous improvement.
- Utilized cloud services for deployment, reducing infrastructure costs by 20%.
- Developed unit tests to improve code reliability and maintainability.

FRONTEND DEVELOPER

WebCraft Solutions

2014 - 2016

- Worked on the development of a single-page application using React, enhancing the user journey.
- Collaborated with backend developers to create APIs for data handling and retrieval.
- Conducted usability testing to identify areas for improvement in the user interface.
- Wrote technical documentation for frontend features and functionalities.
- Engaged in team brainstorming sessions to generate innovative ideas for client projects.
- Implemented feedback from stakeholders to refine application features.
