

MICHAEL ANDERSON

Junior Full Stack Developer

- San Francisco, CA
- (555) 234-5678
- michael.anderson@email.com

Versatile Full Stack Developer with over 2 years of experience in developing and maintaining web applications. I have honed my skills in both frontend and backend development, utilizing technologies such as HTML, CSS, JavaScript, and PHP. My approach to development is detail-oriented, with a focus on creating clean, maintainable code. I am passionate about user experience and have a strong understanding of design principles that enhance usability.

WORK EXPERIENCE

Junior Full Stack Developer | Tech Startups Inc.

Jan 2022 – Present

- Assisted in the development of a content management system using PHP and JavaScript, improving client satisfaction.
- Collaborated with designers to create responsive layouts that enhanced user experiences.
- Participated in code reviews and contributed to maintaining coding standards.
- Engaged in testing and debugging processes to ensure application reliability.
- Worked with senior developers to implement new features based on client feedback.
- Utilized version control systems to manage code changes effectively.

Frontend Developer Intern | Web Solutions Group

Jul 2019 – Dec 2021

- Supported the frontend development of a web application using HTML, CSS, and JavaScript.
