

Michael ANDERSON

FULL STACK WEB DEVELOPER

Dedicated Full Stack Web Developer with 4 years of experience in developing robust web applications that enhance user experience. I have a strong focus on front-end development, particularly in using Vue.js and React, and I am equally comfortable working on back-end technologies such as Node.js and Express.

WORK EXPERIENCE

FULL STACK WEB DEVELOPER

Digital Innovations Group

2020 - 2025

- Designed and developed responsive web applications using Vue.js and Node.js.
- Worked closely with UX/UI designers to create visually appealing and user-friendly interfaces.
- Conducted user testing sessions to gather feedback and iterate on application features.
- Integrated real-time functionalities using WebSockets to enhance user interactivity.
- Optimized application performance, achieving a 35% reduction in load times.
- Participated in daily scrums and sprint reviews to ensure project alignment and progress.

WEB DEVELOPER INTERN

Startup Hub

2015 - 2020

- Assisted in developing and maintaining web applications using HTML, CSS, and JavaScript.
- Supported the implementation of responsive design to enhance accessibility across devices.
- Collaborated with senior developers to learn best coding practices and tools.
- Conducted debugging sessions to identify and fix issues in existing applications.
- Helped create documentation for internal projects to improve knowledge sharing.
- Engaged in team discussions to contribute ideas for new features and improvements.
