Enthusiastic Full Stack Web Developer with 2 years of experience focused on building interactive and responsive web applications. I have a strong foundation in HTML, CSS, and JavaScript, and I am continually expanding my skills in frameworks like React and Vue.js. My passion for technology drives me to stay updated with the latest industry trends and best practices.

💼 WORK EXPERIENCE

Junior Full Stack Developer   2020-2023
Next Level Web

- Assisted in the development of responsive web applications using React and Node.js.
- Collaborated with senior developers to implement best coding practices and project workflows.
- Participated in daily stand-ups to report progress and receive feedback.
- Contributed to debugging efforts to identify and resolve issues in applications.
- Helped create documentation for application features and user guides.
- Engaged in team activities to foster a collaborative working environment.

Web Development Intern   2019-2020
Tech Pioneers

- Supported the development of web applications using HTML, CSS, and JavaScript.
- Learned to integrate APIs and worked on enhancing application features.
- Assisted in testing and quality assurance processes to ensure application stability.
- Participated in design meetings to gather requirements and provide input.
- Conducted research on new technologies to recommend for project use.
- Collaborated with the team to brainstorm new features and improvements.

★ ACHIEVEMENTS

- Contributed to a project that increased user engagement by 30% within three months of launch.
- Received commendation from team leads for outstanding performance during the internship.
- Successfully implemented a feature that improved user navigation by 15%.
