

# MICHAEL ANDERSON

CHIEF GAFFER

## PROFILE

Accomplished Gaffer with a robust background in live event production and broadcast environments, specializing in the integration of advanced lighting technologies to create immersive experiences. Expertise in managing large-scale lighting setups for concerts, corporate events, and television broadcasts, ensuring high-quality visual presentations under tight timelines. Renowned for a strategic approach to lighting design that harmonizes with the overall production vision, while optimizing resource allocation.

## EXPERIENCE

### CHIEF GAFFER

#### Live Events Group

2016 - Present

- Designed and executed lighting plans for over 100 live events, enhancing audience engagement through visual storytelling.
- Managed a team of lighting technicians to ensure seamless execution of lighting rigs and effects.
- Collaborated with event producers to align lighting design with thematic elements of each production.
- Conducted pre-event site surveys to assess technical requirements and logistics.
- Maintained and repaired lighting equipment to ensure optimal performance during events.
- Trained team members on the latest lighting technologies and safety practices.

### GAFFER

#### Broadcast Solutions

2014 - 2016

- Developed and implemented lighting strategies for live television broadcasts, achieving high production standards.
- Coordinated with directors and production teams to create dynamic lighting setups for various shows.
- Ensured compliance with safety regulations during the installation and operation of lighting equipment.
- Utilized state-of-the-art lighting technology, including automated fixtures and digital control systems.
- Provided technical support during broadcasts, troubleshooting any lighting issues in real-time.
- Participated in post-event evaluations to improve future lighting strategies.
