### SKILLS

- Gas Welding
- Construction Safety
- Quality Control
- Team Collaboration
- Equipment Maintenance
- Project Scheduling

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**CERTIFICATE IN WELDING  
TECHNOLOGY, TECHNICAL INSTITUTE,  
2010**

### ACHIEVEMENTS

- Recognized for outstanding performance in welding quality during major construction projects.
- Improved workflow efficiency by 20% through effective project scheduling and management.
- Completed safety training with a perfect score, enhancing team safety awareness.

### WORK EXPERIENCE

#### GAS WELDER

Elite Construction Group  
2020 - 2025

- Performed gas welding on structural components for commercial buildings, ensuring compliance with safety regulations.
- Collaborated with project managers to develop welding schedules that aligned with project timelines.
- Conducted quality inspections of welds, achieving a 95% satisfaction rate from clients.
- Trained apprentices in safe welding practices and techniques, enhancing team capabilities.
- Maintained and repaired welding equipment to ensure optimal performance on job sites.
- Documented welding processes for quality control and compliance verification.

#### JUNIOR GAS WELDER

Citywide Construction Services  
2015 - 2020

- Assisted in gas welding operations on various construction projects, adhering to safety standards.
- Performed preventive maintenance on welding equipment, ensuring reliable operation.
- Participated in safety training sessions, promoting a culture of safety on job sites.
- Documented welding activities and assisted in quality assurance checks.
- Collaborated with senior welders to improve welding techniques and processes.
- Contributed to the timely completion of projects through effective teamwork.
