Michael Anderson

HEALTH POLICY ANALYST

Innovative Gender Policy Analyst with a focus on health policy and gender-based violence prevention. Expertise in analyzing health policies' impact on women and marginalized populations. Demonstrates a commitment to advancing health equity through policy reform and advocacy efforts. Proven ability to work collaboratively with healthcare providers, community organizations, and governmental agencies to design and implement effective interventions.

EXPERIENCE

HEALTH POLICY ANALYST

Global Health Initiative

2016 - Present

- Conducted policy analyses on the intersection of gender and health.
- Developed frameworks for evaluating health programs addressing gender-based violence.
- Collaborated with health organizations to promote gender-inclusive health policies.
- Presented research findings to inform policy development at health conferences.
- Engaged with community stakeholders to assess health needs and gaps.
- Authored reports that guided funding decisions for health initiatives.

RESEARCH FELLOW

Institute for Health and Gender Studies

2014 - 2016

- Conducted research on the impact of health policies on women's health outcomes.
- Developed policy recommendations for gender-sensitive health interventions.
- Collaborated with researchers to assess the effectiveness of health programs.
- Facilitated training sessions for healthcare providers on gender equity.
- Published research findings in peer-reviewed health journals.
- Participated in advocacy campaigns to raise awareness of gender health issues.
