# Michael Anderson

## ORAL SURGEON

Experienced General Dentist with a focus on oral surgery, boasting over 12 years in the dental field. I have built a reputation for my surgical skills and ability to perform complex procedures with precision. My approach blends technical skill with compassionate care, ensuring that patients feel comfortable and informed throughout their treatment process.

## EXPERIENCE

### ORAL SURGEON

Precision Oral Surgery Center

2016 - Present

- Performed a wide range of oral surgical procedures, including extractions, implants, and jaw surgery.
- Utilized advanced imaging techniques to plan and execute surgical interventions effectively.
- Managed anesthesia administration and monitored patient recovery during and after procedures.
- Implemented post-operative care protocols that improved recovery times by 20%.
- Conducted consultations to inform patients about procedures, risks, and benefits.
- Collaborated with a multidisciplinary team for comprehensive patient management and care.

### GENERAL DENTIST

Citywide Dental Clinic

2014 - 2016

- Provided general dental care while assisting in surgical procedures as needed.
- Educated patients on pre-operative and post-operative care for surgical interventions.
- Maintained accurate patient records and treatment documentation for quality assurance.
- Participated in a mentorship program for dental residents focusing on oral surgery techniques.
- Conducted community seminars on oral health to raise awareness about surgical options.
- Achieved a 90% patient satisfaction rate through effective communication and care.
