EDUCATION

DOCTOR OF MEDICINE, UNIVERSITY OF HEALTH SCIENCES, 2014

ACHIEVEMENTS

- Developed a patient education program that reduced hospital readmissions by 20%.
- Recognized for excellence in patient care by the Geriatric Society in 2020.
- Published an article on aging and healthcare in a medical journal.

PROFILE

Results-driven General Medical Doctor with a strong focus on geriatric medicine and over 8 years of experience in patient care. I have a deep understanding of the complexities associated with aging and chronic illnesses, which has equipped me to provide tailored care for elderly patients. My approach integrates medical, social, and emotional aspects of health, ensuring comprehensive treatment plans that enhance the quality of life for my patients.

EXPERIENCE

GERIATRIC MEDICINE SPECIALIST

Silver Oaks Senior Living

2016 - Present

- Managed comprehensive care for over 150 elderly patients with chronic health conditions.
- Conducted regular health assessments and developed individualized care plans.
- Collaborated with nursing staff to ensure effective implementation of treatment protocols.
- Organized health workshops to educate patients and families on managing chronic illnesses.
- Utilized telemedicine to enhance access to care for homebound patients.
- Participated in multidisciplinary team meetings to coordinate care.

FAMILY MEDICINE RESIDENT

Community Health Center

2014 - 2016

- Provided primary care services in a community health setting, focusing on families.
- Assisted in developing preventive care programs that improved community health outcomes.
- Performed routine physical examinations and managed acute medical conditions.
- Engaged with patients to promote healthy lifestyle choices and disease prevention.
- Learned to navigate electronic health record systems for patient management.
- Participated in case discussions to enhance clinical skills and knowledge.
