MICHAEL ANDERSON

GERIATRIC SPECIALIST

Results-driven General Practitioner with a focus on geriatric medicine and a commitment to improving the quality of life for elderly patients. Over 15 years of experience in assessing and managing complex medical conditions in older adults. Proficient in conducting comprehensive geriatric assessments and implementing individualized care plans. Strong advocate for patient-centered care and interdisciplinary collaboration to enhance health outcomes.

PROFESSIONAL EXPERIENCE

Golden Age Health Services

Mar 2018 - Present

Geriatric Specialist

- Managed care for over 1,000 elderly patients, ensuring personalized and compassionate medical attention.
- Conducted in-home visits, enhancing accessibility of care and improving patient satisfaction by 40%.
- Developed a comprehensive fall prevention program that reduced fall-related injuries by 30%.
- Collaborated with physical therapists to create rehabilitation plans for post-hospitalization patients.
- Educated families on disease management strategies, leading to improved health outcomes.
- Facilitated workshops on healthy aging, reaching over 300 community members annually.

Maplewood Health Center

Dec 2015 - Jan 2018

General Practitioner

- Provided primary care services to a diverse elderly population, focusing on chronic disease management.
- Implemented electronic health records, improving patient data accuracy and retrieval times.
- Conducted regular health screenings, contributing to early detection of health issues.
- Worked closely with social workers to address the psychosocial needs of patients.
- Participated in interdisciplinary team meetings to coordinate care for complex cases.
- Advocated for patient rights and access to necessary health services.

ACHIEVEMENTS

- Awarded 'Excellence in Geriatric Care' by the National Geriatrics Association in 2020.
- Increased patient retention rates by 25% through improved communication strategies.
- Published articles on geriatric health in medical journals, raising awareness on elderly care issues.
