2011

ACHIEVEMENTS

- Recognized for outstanding patient care by the local nursing board, 2021.
- Developed a workshop series for families on dementia care strategies.
- Improved patient satisfaction scores in home health visits by 15% within six months.

PROFILE

Compassionate and experienced Geriatric Nurse with a focus on dementia and Alzheimer's care. Over 10 years of experience working in various healthcare settings, including nursing homes and home health care. I am skilled in assessing patient needs, developing care plans, and providing direct patient care. My empathetic approach helps me build strong relationships with patients and their families, ensuring they feel supported and understood.

EXPERIENCE

GERIATRIC NURSE SPECIALIST

Sunnyvale Memory Care Center

2016 - Present

- Performed specialized assessments for residents with cognitive impairments.
- Developed and executed individualized care plans tailored to dementia patients.
- Organized and facilitated therapeutic activities to enhance cognitive function.
- Regularly communicated with family members to provide updates on patient progress.
- Trained staff on the best practices for handling challenging behaviors associated with dementia.
- Achieved a significant reduction in patient agitation through tailored care interventions.

HOME HEALTH NURSE

Elder Care Solutions

2014 - 2016

- Provided in-home nursing care for elderly patients with chronic conditions.
- Administered medications and monitored patients for side effects.
- Conducted regular health assessments to track patient progress.
- Educated families on managing medications and coordinating care.
- Utilized electronic health records to maintain accurate patient information.
- Improved patient adherence to treatment plans by 25% through education.
