MICHAEL ANDERSON

GERIATRIC NUTRITION TECHNOLOGY SPECIALIST

Innovative Geriatric Nutritionist specializing in the integration of technology into dietary management for elderly patients. Recognized for pioneering the use of mobile health applications to monitor dietary habits and improve compliance among seniors. Extensive experience in developing engaging educational programs tailored to the elderly demographic, utilizing a hands-on approach to facilitate learning.

PROFESSIONAL EXPERIENCE

HealthTech Innovations

Mar 2018 - Present

Geriatric Nutrition Technology Specialist

- Designed and implemented mobile applications for tracking elderly nutrition.
- Conducted training sessions for seniors on using technology for health management.
- Collaborated with software developers to enhance user interface for older adults.
- Evaluated the effectiveness of technology-based interventions on patient outcomes.
- Provided technical support to users to ensure consistent engagement.
- Presented findings at technology and health conferences.

Senior Learning Center

Dec 2015 - Jan 2018

Geriatric Nutrition Educator

- Developed workshops focused on nutrition education for elderly individuals.
- Utilized interactive methods to engage participants in learning.
- Created resource materials tailored to the needs of seniors.
- Evaluated program effectiveness through participant feedback.
- Collaborated with local organizations to promote nutrition education.
- Facilitated discussions on the impact of nutrition on chronic disease.

ACHIEVEMENTS

- Launched a successful mobile app that increased dietary compliance by 40% among seniors.
- Recognized as a leader in technology-based nutrition interventions.
- Facilitated over 100 workshops with positive participant feedback.
