MICHAEL ANDERSON

IT INFRASTRUCTURE PROGRAM MANAGER

Strategic Government IT Infrastructure Manager with over 12 years of extensive experience in the public sector, specializing in the development and implementation of innovative IT solutions that drive efficiency and effectiveness. Possesses a profound understanding of the complexities associated with government IT systems and a proven ability to navigate regulatory landscapes to achieve compliance.

PROFESSIONAL EXPERIENCE

Department of Defense

Mar 2018 - Present

IT Infrastructure Program Manager

- Directed IT infrastructure projects with budgets exceeding \$20 million, achieving project completion on time and under budget.
- Implemented advanced cybersecurity measures, resulting in a 50% decrease in security breaches.
- Led cross-functional teams in the deployment of enterprise-level IT solutions.
- Developed and maintained relationships with key stakeholders to ensure project alignment.
- Conducted regular assessments of IT systems to identify areas for improvement.
- Facilitated change management processes to ensure smooth transitions during upgrades.

Federal Communications Commission

Dec 2015 - Jan 2018

Senior IT Consultant

- Provided strategic consulting services for IT infrastructure projects across federal agencies.
- Conducted risk assessments and developed mitigation strategies for IT initiatives.
- Collaborated with agency leaders to define IT requirements and strategic goals.
- Facilitated workshops to enhance stakeholder engagement and project buy-in.
- Analyzed performance metrics to drive continuous improvement initiatives.
- Supported the development of IT governance frameworks aligning with best practices.

ACHIEVEMENTS

- Awarded the Defense Department Commendation Medal for outstanding service.
- Successfully led an initiative that improved compliance ratings by 30%.
- Recognized for innovative solutions that enhanced IT service delivery.
