MICHAEL ANDERSON

DIGITAL SERVICES COORDINATOR

Innovative Government Technology Analyst dedicated to advancing public sector efficiency through the strategic deployment of technology solutions. With a robust analytical mindset, adept at identifying opportunities for process improvement and enhancing service delivery to citizens. Possesses a deep understanding of governmental operations and the critical role that technology plays in supporting public policy initiatives.

PROFESSIONAL EXPERIENCE

County Office of Technology

Mar 2018 - Present

Digital Services Coordinator

- Coordinated the launch of a new online portal for citizen engagement.
- Analyzed user data to improve the functionality of digital services.
- Facilitated workshops to gather input from community members on technology needs.
- Developed outreach strategies to increase public awareness of available services.
- Collaborated with IT specialists to enhance system performance and security.
- Managed project budgets and timelines to ensure successful delivery.

Local Government Association

Dec 2015 - Jan 2018

IT Policy Advisor

- Provided strategic advice on technology policy and its implications for local governments.
- Conducted assessments of technology use across various municipalities.
- Engaged with elected officials to advocate for technology funding initiatives.
- Authored policy briefs that influenced legislative discussions.
- Facilitated training programs for local government staff on policy compliance.
- Analyzed trends in technology use to guide future investments.

ACHIEVEMENTS

- Instrumental in the design of a digital platform that increased citizen feedback by 50%.
- Received recognition for exemplary leadership in technology initiatives from the County Board.
- Successfully secured grants for technology improvements totaling over \$500,000.
