### WORK EXPERIENCE

#### Green Building Project Manager

2020-2023

Sustainable Design Associates

- Oversaw the design and construction of green buildings, ensuring compliance with LEED standards.
- Managed project budgets and timelines, achieving all milestones on schedule.
- Collaborated with architects and engineers to integrate sustainable design principles.
- Conducted post-occupancy evaluations to assess building performance and occupant satisfaction.
- Engaged with community stakeholders to gather feedback and enhance project outcomes.
- Presented sustainability strategies to executive teams, influencing future projects.

#### Facilities Sustainability Coordinator

2019-2020

Eco-Responsible Solutions

- Coordinated sustainability initiatives across multiple facilities, driving a 30% reduction in waste.
- Developed and implemented energy efficiency programs that saved over \$100,000 annually.
- Monitored compliance with environmental standards and regulations.
- Conducted training sessions for staff on sustainable practices and policies.
- Collaborated with external partners on sustainability research projects.
- Reported sustainability performance metrics to senior management, ensuring transparency.

### ACHIEVEMENTS

- Led a project that received national recognition for excellence in sustainable building design.
- Achieved significant cost savings through energy-efficient upgrades across facilities.
- Published research on best practices in sustainability management in industry publications.
