

MICHAEL ANDERSON

GRIP SUPERVISOR

PROFILE

Accomplished Grip Supervisor with a robust background in theatrical productions and live events, recognized for exemplary leadership and strategic planning capabilities. Expertise encompasses the management of technical crews, ensuring the timely execution of complex setups while adhering to stringent safety regulations. Demonstrates a profound understanding of stagecraft and the intricacies of rigging, lighting, and special effects.

EXPERIENCE

GRIP SUPERVISOR

Broadway Stage Productions

2016 - Present

- Led a team of 15 grips in the execution of over 100 live theatrical performances.
- Developed and implemented safety training programs, reducing on-set incidents by 30%.
- Coordinated with designers to execute intricate rigging for aerial performances.
- Managed the inventory and maintenance of specialized grip equipment.
- Streamlined workflow processes, resulting in a 25% increase in setup efficiency.
- Facilitated communication between technical and creative teams to ensure alignment on production goals.

ASSISTANT GRIP

Live Event Solutions

2014 - 2016

- Assisted in the setup and breakdown of stage equipment for concerts and corporate events.
- Operated various grip tools, ensuring optimal functionality during performances.
- Collaborated with lighting and sound teams to achieve desired effects.
- Maintained an organized inventory of equipment, ensuring readiness for events.
- Provided on-site support during rehearsals and performances, ensuring smooth operations.
- Engaged in post-event evaluations to identify areas for improvement.
