WORK EXPERIENCE

Logistics Coordinator 2020-2023
Disaster Response Coalition

- Coordinated logistics for emergency response operations in disaster-affected areas.
- Managed inventory and supply chain processes to ensure timely delivery of aid.
- Collaborated with NGOs and government agencies to streamline operations.
- Developed contingency plans to address potential logistical challenges.
- Trained staff on best practices for logistics management.
- Monitored and reported on logistics performance metrics to stakeholders.

Emergency Response Specialist 2019-2020
Relief and Recovery Agency

- Led emergency response teams in the field during natural disasters.
- Conducted assessments to determine immediate needs of affected populations.
- Coordinated with local authorities to facilitate aid delivery.
- Implemented monitoring systems to evaluate program effectiveness.
- Engaged with communities to gather feedback and improve services.
- Prepared reports for donors on program impact and outcomes.

ACHIEVEMENTS

- Successfully managed logistics for multiple large-scale disaster relief operations.
- Recognized for exceptional performance in emergency response by industry leaders.
- Improved logistics efficiency by 35% through process optimization.
